ABOUT ME

Passionate MERN Stack Developer with strong skills in MongoDB, Express.js, React.js, and Node.js. I build responsive and scalable web applications with clean and efficient code. Experienced in developing REST APIs, integrating frontend with backend, and working with modern tools like Git and JavaScript ES6+. Quick learner with a problem-solving mindset, focused on writing optimized code and delivering user-friendly solutions. Eager to contribute to real-world projects and grow as a full-stack developer.

EDUCATION
